CIVIL SERVICE RULES -- REGULATIONS PASSED BY COUNCIL

Adoption of rules and regulations for enforcement of Civil Service ordinance 203, and provided for by that ordinance, featured a two hour meeting of Daly City's City Council Monday night, which was attended by Mayor A. J. Gaggero, Councilmen Eugene Lynch, Howard A. McHugh, Edward J. Dennis and John Craig, City Attorney F. E. Hoffmann, City Clerk B. C. Ross, Fire Chief A. P. Chesney and Water Works Supt. A. J. Bodien.

These rules and regulations, adopted by a unanimous vote of the councilmen, include provisions for vacations for per diem workers, but do not, at present, include provision for retirements. However, retirement provisions can be included at a later date, councilmen said.

A bit of fireworks was provided an otherwise fairly quiet meeting, during the reading of communications. It was occasioned by the reading of a second communication from the Citizens Committee, who asked why their original letter of March 23, questioning council as to the status of Attorney J. W. Coleberd in the recent Reardon litigation, and who he represented in the case. A reply in seven days was asked by the committee.

Following the reading of this communication, Councilman McHugh took the floor to state that he personally hired Attorney Coleberd, and paid him himself. McHugh said remainder of the council were in no way connected with the hiring of Attorney Coleberd, indicating he felt this statement was a sufficient answer to the Citizens Committee and that no letter from the council to that committee was necessary. The communication from the committee was then ordered filed.

Other communications read by City Clerk Ross included one from Old Glory Post 2044, V. F. W. inviting the council to attend the joint installation of officers of that post and its auxiliary. also one from Mrs. Betty G. Brush, 101 Los Banos avenue, commending police officer George Hopman for prompt action in taking her son, John, to Alemany hospital after he had been hit by an automobile near Milo's Market last week. Both communications were ordered filed.

Under new business, Lieut. Milton J. Mayer and several officers of Company A, 23rd Regiment, California State Guard, asked the council if it would help in the matter of securing a number of new members from Daly City for the company. Lieut. Mayer stated headquarters of the company are located at 101 Parkview avenue, and that drill is held each Sunday morning from 10:30 a. m. to 12:30 p. m. Councilmen promised to aid all they could in securing recruits for the company.

Lieut. Mayer reported to the council that several trucks are assigned to the company, but they have no place at present to keep them, and asked for assistance. Action on this request was postponed until after the conclusion of the San Francisco Peace Conference.

A resolution providing special reduced water rates for Victory Gardeners was passed unanimously, after which, there being no further business, council adjourned.

Name McDonald Head of Supervisors

Supervisor Edward R. McDonald, Burlingame druggist, was named as chairman of the San Mateo County Supervisors last week after Supervisor Alvin S. Hatch, lumbemran of Half Moon Bay, withdrew his name following a stormy caucus meeting and nominated McDonald, who was unanimously elected. He succeeds Fred E. Beer, recently named county controller.

McDonald has had considerable civic and political experience, having been councilman and mayor of Burlingame, resigning the former post in 1941, when he became a supervisor. He now heads the Three Cities' War Council and is vice chairman of the San Mateo County War Council He is also a past president of the Burlingame Rotary Club and of the Peninsula Division of the California League of Cities.

McDonald's first official act was to welcome Martin A. Poss, San Mateo florist as a member of the board of supervisors and appoint him to represent the board on the county planning commission. The supervisors appointed E. J. Sullivan of San Mateo to the planning commission on Poss' recommendation.

Charlie Norry's Bear Photos traveled to San Quentin Sunday morning, dropping a 6 to 5 decision to the San Quentin All-Stars. The Photo lads outhit the All-Stars 10 to 8, with shortstop Rosenberg slapping four for four, but were unable to make their hits count as well as the prisoners did.

LOCAL SEAMAN IN CORREGIDOR INVASION

Mr. and Mrs. C. L. Adams, 172 Templeton avenue, recently received a long letter from their son, Seaman First Class George W. Adams, a member of the crew of the destroyer Nicholas in which he described in detail the activities of that ship from the time of her commissioning until recently.

Young Adams' letter contains a graphic account of the bombardment and invasion of Corregidor which we are using intact. He names that operation as perhaps the most interesting and spectacular of the entire Philippines campaign.

His account follows:

"'The Rock' as Corregidor is known, guards the entrance to Manila Bay, lying between the Bataan peninsula and the southwestern side of Luzon, where our forces had driven to the Cavite Naval Base, several miles inside the Bay. Mariveles, where the first landing was made, is at the southern tip of Bataan, directly across from the northern end of Corregidor.

"Corregidor itself resembles a giant pollywog, rising sharply from the water, its sheer, rocky cliffs giving it an impregnable appearance. The extreme southern end consists of a single high peak, which is joined to the main fortress, by a long, narrow string of hilly land, heavy with trees and undergrowth. It was on this center the amphibious forces went ashore.

"In the cliffs of the 'Rock' were scores of caves and tunnels bored deep in the solid rock. Here the Japs had mounted heavy 3 to 8 inch calibre guns. Our job was to knock out these emplacements. Top of Corregidor was flat and dotted with buildings, storage tanks, large guns and cave entrances, many of them already knocked out by the consistent bombing of the Army Air Forces.

"For two days, the Nicholas with other destroyers and cruisers went into point blank range to draw enemy fire so we could locate and kayo the Jap positions. Long lines of tiny minesweeps cut loose hundreds of mines off Mari-

More Fireworks In S. M. County City Politics

If local residents think the Daly City council is the only council room in San Mateo county where fireworks pop off every once in a while, they are badly mistaken.

San Mateo city councilmen had their troubles last week, when a letter from Charles P. Berryessa, defeated by 17 votes in the recent election, asking a recount of votes, was read. In the ensuing debate, City Attorney Wilson charged former city auditor Charles Peterson with perjury, and called him a "heckler'.'

The councilmen voted 3 to 1 to authorize the recount. E. J. Reilly, one of the councilmen re-elected at the disputed election voted against the recount. Creed Haberlin, another, did not vote.

Burlingame's council session was more restrained, but none the less dramatic when Mayor Peter Dahl was re-elected by a 3 to 2 vote over Vice-Mayor Jack Roth, who was unanimously re-elected to that office.

Following selection of a mayor, the councilmen unanimously agreed to Mayor Dahl's recommended appointments to the Burlingame Civil Service Commission. These were Lee Lancaster, athletic director at Burlingame High School; Emil Schulz, life insurance man and American Legion leader and Dr. P. G. Guyselman owner of the Burlingame Animal hospital. Dr. Guyselman formerly was a member of the commission.

The city lost its entire civil service commission recently when the three members resigned en masse in protest to a chief of police appointment.

Fines Levied At Police Court

At the city court presided over by Judge Wm. J. Sweeney, Friday afternoon, April 20, the following fines were paid:

For speeding, James Bethel, San Francisco paid a $5 fine; Fred Boyd, 1240 Capuchino, Burlingame, $10; Harry Hoefler, Los Altos, $5; Joe Michael Andrews, San Francisco, $2.50; Don F. Franklin, San Francisco, $7.50; Helen B. Gordon, San Francisco, $10; Arthur Truttman, Colma, $5; Clifford Lee, San Jose, $5 and Anderson Burdett, Los Angeles, $5.

The following paid fines of $2.50 each for going through a signal: Bosco Achille, Carl Sandgren, Albin Frederickson, John McDermott and Hiram Walden. Clara Scott paid a fine of $1.50.

For driving left of the center line, Frederick C. Hock, Hillsborough paid a fine of $2.50.

The following paid fines of $1 each for over night parking: C. V. Miller, Alfred Guss, Wayne Pendleton, A. Barni, George Reinhart, Ray Pachera and R. Valverde.

Fred Derrigan of San Francisco was fined $50 for violation C.V.C. 502 for allegedly being drunk in a public place. Peter Jorgenson paid a fine of $10.

Raymond Paul Brown was granted one year probation on a petty theft charge and Harry I. Blake was given six months in the county jail for the same offense. Both parties were from Oakland.

Supervisors To Make Decision On Juvenile Home

When Chairman McDonald of the San Mateo county board of supervisors asked for further study on the proposed county juvenile home site "because there are many factors involved," Supervisor Alvin S. Hatch suggested a round table discussion by all interested parties, to be held as soon as possible.

County Clerk William H. Augustus was instructed to contact all interested parties immediately.

Juvenile Court Judge A. R. Cotton, the county probation committee, Social Welfare Superintendent Adrian Ward, Probation Officer John S. Cowgill, and County Executive Frederick Peterson will be among those asked to attend.

Selection of a site for the new home has been a "boiling kettle" for some time. Winfield Scott, secretary-manager of the San Mateo County Civic League recently charged there was no need for erection of a $100,000 home, which brought out a rebuttal statement from Probation Officer Cowgill, who declared the number of juvenile cases handled by the home last year doubled the number handled in the preceding 12 months. Cowgill also said the present home on lower Broadway has been badly overcrowded at various times during the past year.

Since District Attorney Ferrel's office has advised that an outright exchange of the home's present site on lower Broadway, for an 8½ acre site at Spring and Willow streets, cannot legally be made, the supervisors will have plenty of problems confronting them before a decision can be reached.

Court St. Mary Catholic Daughters Pay Honor To Past Grand Regents

At the last meeting held by Court St. Mary No. 1155, Catholic Daughters of America, Daly City, Grand Regent Helen Rode paid honor to all past grand regents of the court. They were escorted into the court chambers and introduced to all members present, presented with corsages made in the Catholic Daughters' colors, and given seats of honor during the meeting.

Under the good of the order each grand regent was asked to give some of the highlights of her term, and many pleasant memories were revived as each in her turn made a report. Things that had been forgotten were lived all over again, which was grand for the old members, and enlightening for the new members. All past grant regents were present with the exception of the charter grand regent, the reason for her absence being that she lives in Hollister, and transportation being what it is she could not attend.

The past grand regents in the order in which they presided were: Josephine Johnson 1930, Margaret Fields 1933, Elizabeth Wettstein 1935, Katherine McDermott 1936, Helen Rode 1937, Evelyn Weckerle 1938, Ida Forest 1940, Christine Stephenson 1941, Virginia Rengstorff 1942, and Frances Tamony 1943.

After the meeting all present were invited to the social hall where there were seats of honor for the past grand regents at the horseshoe shaped table, and there was a large cake with "Best Wishes to Past Grand Regents" written on it, and lovely refreshments were served under the chairmanship of Nonie Norris.

The cake was cut by presiding Grand Regent Helen Rode, a toast sung to the past grand regents, and when the members were ready to leave "Good Night Ladies" was sung.

Grand Regent Helen Rode composed two songs for the occassion; "We've Come a Long Way Together," and "Should Past Grand Regents Be Forgot?"

Rev. Father Adrian McKenna, our chaplain, and an unusually large group of members were present at this meeting and all said it was a meeting that they would not soon forget.

Court St. Mary also is very happy that the "Teen Age Club" they are sponsoring opened with a barn dance on Friday, April 20, and will hold a dance each Friday night at American Legion hall in Daly City.

The Sewing club wish to announce they will hold a whist party Thursday evening, May 3, at Masonic hall, Daly City.

Judge Sweeney Performs Ceremony

Judge William J. Sweeney performed a marriage ceremony at his home, 6808 Mission street, Saturday, April 14 at 7 p. m. for Mae Sweeney, 31 Richland avenue, and Lyle Burford, 874 South Van Ness avenue, both of San Francisco. The witnesses for the couple were Marie Fazzi and John Fazzi.

Fine Film Fare For Theatre Fans

"Tall in the Saddle," starring John Wayne and Ella Raines is one of the pictures to play at the Daly City theatre starting Thursday, April 26. This production is one that should be received enthusiastically by western fans. The supporting roles are played by George "Gabby" Hayes and Ward Bond who add a great deal to the suspense and humor of the picture.

The other picture, "Guest in the House," delves into the psychological-pathological strain of a young girl, played by Anne Baxter, who easily outdistances any other role she has heretofore attempted. The other principles are also excellently portrayed by Ralph Bellamy, Ruth Warrick and Marie McDonald.

Starting Sunday, April 29, Claudette Colbert, Jennifer Jones, Joseph Cotten, Shirley Temple, Monty Woolley, Lionel Barrymore, Robert Walker and many others form the cast of the much talked about and highly rated picture "Since You Went Away." It is the dramatic story of an American family and their friends in time of war, and the heartaches and emotions caused by the upsets of wartime living. Rated by Reviewer's as excellent, this picture will be played on Sunday at 2:12, 5:37 and 9:04 and on Monday and Tuesday at 5:50 and 9:06.

The bill on Wednesday, May 2, will be "The Master Race" and "Nevada." The Master Race" is a melodrama of the war's end and German strategy in defeat told with simple vigor. George Coulouris plays the leading role of Colonel Von Beck. "Nevada" follows the familiar western road introducing Robert Mitchum as a new cowboy-hero. Guinn Williams and Richard Martin play the assisting roles.

Gregory also finished third in 100 yard dash, while Al Francesconi placed second in the 440 and pole vault.

Benny Greenough led the local 120s with two firsts (broad jump and shot put) and a second in the 220. Frank Hukari finished first in the 440 yard dash and second in the pole vault, and Eddie Gigli took first in the pole vault and second in the broad jump.

For the Indians 110s, Walter Shannon took down two seconds in the 50 yard and 100 yard dashes, Gil Thompson won the broad jump and the local relay team composed of Jack McCaffrey, Mario Stanghellini, Thompson and Shannon won that event.

Next week, the Indians travel to Stanford University for the Peninsula Athletic League trials. The 120s and 130s will go down Thursday afternoon, with the unlimited and 110s slated to get into action Friday afternoon. Both events will get underway at 3 o'clock.

A GOOD START, MR. TRUMAN!

Harry S. Truman—the man who didn't want to be President—got off to a good start in his new job as the Nation's Chief Executive.

His first speech to Congress was simple, sincere and direct. In his first press conference he won the plaudits of the White House correspondents for his straightforward answers to their questions. His first appointment, that of John W. Snyder as Federal Loan Administrator, was hailed as a sound one. His immediate decision that the San Francisco Conference should not be delayed showed that he can act quickly and confidently.

Of course, the real test lies ahead. The problems of winning the war and making the peace secure call for skillful leadership. There are also the difficult matters of reconversion, demobilization, how long price control and rationing shall be maintained after V-E Day, full employment, and balancing the Federal budget after Japan is beaten.

He has already expressed his approval on reciprocal tariffs and the Bretton Woods monetary plan. He has made known his opposition toward monopolistic schemes such as the current efforts of rail interests to branch out into competing lines.

For a man who hardly more than a decade ago was an obscure county judge, and even as Vice-President was not looked upon as possessing more than average ability, he has proved, thus far, a happy surprise to the Nation. History records the names of many men who became great when great responsibilities were thrust upon them. In time, Mr. Truman's name may be added to this list.

At least, he has made a good start in that direction.

THE NATIONS GATHER

This week the representatives of the nations have gathered in San Francisco. Gathered with them are the hopes of humanity for a lasting peace.

It is hardly possible that a formula for a permanent peaceful world can be worked out at this one conference. It is possible, however, that in view of the progress already made at Teheran, Dumbarton Oaks, Yalta and Chapultepec, further progress in this direction can be realized.

Actually, the diplomats who gather in the City by the Golden Gate cannot "build" the peace as one might build a house or a church. They can only seek to establish the proper political and economic "climate" in which the desire for peace—which has already grown up in the hearts of men—may be brought to fruition.

It should be remembered, however, that no matter how successful the conference may be, its results are not likely to completely satisfy every nation. Concessions must be made by all. No one nation—great or small—can expect all others to conform to its views.

The problems which the conferees face are multiple and complex. The Polish question alone calls for the wisdom of Solomon and the patience of Job. Yet it must be solved—and it can be solved.

President Truman declared in his speech to Congress, "The responsibility of the great states is to serve and not to dominate the peoples of the world." If this idea is adhered to by the representatives of Britain, Russia, and the United States, it will go a long way toward speeding the establishment of a "climate" for an enduring world peace.

Let us pray that wisdom, justice, patience and understanding will guide all delegates in their deliberations.

AMERICA'S PACIFIC STAKE

Fleet Admiral Ernest J. King has flatly declared that we should permanently hold strategic Pacific islands won at the cost of American lives and repaired by American money.

He points out that we simply cannot afford to pay the terrific toll of winning such islands and then giving them away with the probability that we will have to pay the price again later on to retake them in the interest of our national safety.

We think Admiral King has a good point. The approaches to America, the isles which the Japs used as springboards to attack us and as road blocks on our path to Tokyo, must be in friendly hands—our own, preferably.

In the years ahead, control of these islands will become increasingly important. Air transportation has already reduced Pacific traveling time from weeks to hours. Peacetime air development which our great commercial airlines will accelerate will, in effect, draw the far bits of coral and sand close to American shores.

When America's commercial goliaths of the air, carrying hundreds of passengers at a 10-mile-a-minute clip, have become a reality, the farthest spot on the globe may be reached in less than half the present record time.

All this means that if we can reach distant places quickly, an enemy could also reach us just as quickly. Hence the onetime "far" Pacific isles, especially those directly between America and Japan, should be in our hands.

News From Jeff District Schools

AT CROCKER

In connection with their unit, "Farming Through the Ages," the pupils of Room 3 were shown a film titled "Sugar Trail." The various stages of obtaining sugar from sugar beets were depicted.

The students in Room 4 have drawn some interesting plans of castles, monasteries and cathedrals of the "Middle Ages."

During a reading period in Room 6, one of the groups dramatized a story, "Lisette," from their reader. Those who took part were Barbara Marsh as Lisette; Marvin Higgins, Uncle Emil; James Wilson, Doctor Kolb; Carolyn Moore, Mrs. Levy and Allan Petersen took the part of the Great Musician.

The class enjoyed the impromtu dramatization and those taking part did very well.

AT WOODROW

A film entitled "A New Dawn In An Ancient Forest" was seen by the pupils of Room 4.

Tomorrow pupils of Room 8 are going to see a movie called "A Changing World." In art the children are making silhouettes of each other. Soon the room will be a "Rogue's Gallery" since as each profile is finished it is "hung."

The sixth grade is studying the rise and fall of the Roman Empire, also the methods used in farming during their "golden age" of civilization.

Room 12 boys and girls are working hard on reports to be given in front of the class. After seeing a movie on the manufacturing of cloth today they are reporting on how it was done by the people of the pioneering days. Interesting pictures in black and white help to show how it was done.

AT JEFFERSON

The Seventh and Eighth grades of the Jefferson Elementary school had a very important and up-to-the-minute topic to read and discuss in their Current Events period this week.

Their study was based on an article in their school paper, "Current News." The article was called "We Study the Blue Prints for Peace." It gave a clear outline of the plan made at Dumbarton Oaks, calling for an organization to be known as the United Nations.

The article briefly discussed the four groups which will consider the various matters brought before this great International conference and explained the particular problems which the General Assembly, Security Council, International Court of Justice and Economic and Social Council is expected to cover.

A special correspondent of the "Current News" staff is attending the conference and will give our school children first hand stories of what is being done at this great international conference.

Report Progress At "Boy Joy"

At the home of Mr. and Mrs. North, 141 Miriam street, Den No. 2 have almost completed their den room. Mrs. Ruth North is the den mother and the meetings are held every Wednesday after school. Charles Olson is a new member of Cub Den No. 2, Pack 141.

Denner George Pedroni, David Guido, Charles Smith and Frank Van Dusen went out to Camp Boy Joy Friday, April 20, after school and came home Saturday. The boys worked very hard stacking lumber that had been brought out during the week by Mr. Straughan in the truck. Scout George Robinson and scout candidate Bob Alsduss were out there and helped particularly in painting.

Scout Ted Cobb, formerly of Kansas and who is transferring to Troop 141, was at Camp Boy Joy superintending the work and seeing that a very good job was done.

A special chicken dinner and biscuits baked in the stove that has been set up out at the camp were enjoyed by all the scouts and cubs who worked out at the camp.

Dens No. 6 and 8 have applied for tickets to attend the United Nations Conference as spectators.

Under the leadership of Mrs. A. W. Diamond, Den No. 9 is being organized at her home, 610 San Diego avenue.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

Get ready for Spring Cleaning

Spring cleaning can be made easy by a little advance thought and planning. Just be sure you have the cleaning aids you'll need before you start . . . and here are a few energy-saving suggestions to lighten your task.

CLEAN-UP TIPS THAT HELP

The kitchen stove deserves a thorough semiannual cleaning. Wash the porcelain parts as you would fine china, and dry thoroughly. Don't wash while the stove is hot or the porcelain may become checked. Detach the burners and removable parts in the oven and place them to soak in a strong solution of soapsuds for three or four hours. After soaking, scrub parts with a scrub brush and fresh, strong suds. You may need the help of scouring powder for stubborn spots. Vinegar applied full strength on a cloth will do away with the grease spots in the oven and on the stove. Clean burners with an ice pick. Rinse parts thoroughly, dry, and reassemble.

Furniture should be cleaned well before applying fresh polish. There are efficient furniture cleaners on the market to do this job. A gentle washing with mild soapsuds, a thorough rinsing, and drying also prepare the furniture for polish. Iodine is a grand scratch remover for furniture of the darker finishes. Apply it over the scratch and let it dry before polishing. A broken walnut meat rubbed over the scratch also makes scratches unnoticeable. For those white marks on furniture left by damp glasses or water, rub with plain vaseline and leave on overnight. Several applications may be necessary, but vaseline does the trick.

Fireplaces sometimes cast their shadows around the room. To remove black smudges from wooden frames, wash with mild soapsuds or use woodwork cleaner. For rock and brick fireplaces, brush down, then scrub with strong soapsuds reinforced with a little vinegar.

Beds, too, should have a good going over at cleaning time. Vacuum both sides of the mattresses, and put them outside to air if possible. Clean the springs, if they are exposed, with a bottle brush to get into all of the coils.

Corregidor Invasion

(Continued from Page One)

veles and around Corregidor and we were kept busy exploding these obstacles. We knocked out several batteries, escaping without damage. On the third day we landed on Bataan, where there was little opposition, accurate firing by our ships and heavy aerial bombardment having done its work.

"Morning of the fourth day saw the all out attack on the 'Rock'. At 7:50 a. m. heavy bombers came over in waves to unload tons of bombs, which exploded with a low, rumbling noise as the vibrations echoed through the Rock. Medium bombers dropped parachute bombs while fighter planes flew low level strafing attacks. Our group moved in close and poured shells into the caves, and around the landing beaches. At times the entire Rock was hidden behind thick clouds of smoke and dirt.

"At 8:30 long lines of transport planes appeared and lumbered slowly in a great circle over the 'Rock,' dipping lower, one by one, as the smoke cleared away, the Army paratroops tumbling into space. The sky was filled with red, white and black umbrellas, dropping men, supplies and equipment to the flat surface of Corregidor's rooftop. Some men missed their target, and dropped past the steep cliffs to the water where PT boats quickly came to the rescue. Corregidor was soon littered with abandoned parachutes and as the earliest arrived troops began searching out Japs, still more silky puffs floated earthward.

"At 10:30 the Amphibious Force moved slowly to the center of the island, as destroyers, cruisers and rocket firing craft moved to within 500 yards of the beach, laying down a shattering barrage. Aircraft bombed and strafed, and troops poured from their landing barges onto the beach. Beachheads were soon established and "Old Glory" flew once more over Corregidor."

The Nicholas, commissioned in 1942, was the first of her class of destroyers to reach the Pacific War zone and was the first to demonstrate in actual combat, the practicability of radar, which enables the gunners to shoot down airplanes on the blackest of nights without benefit of seeing an exhaust flash or a shadowy outline.

She received the Presidential Unit Citation for gallantry in the Battle of Kula Gulf. Other actions in which the Nicholas participated before Corregidor included the defense of Guadalcanal, occupation of the Gilbert Islands; raid of Kwajalein; occupation of the Marshall Islands; bombardment and occupation of Aitape; occupation of Morotai Island in the Northern Molukkas; bringing of the first resupply echelon into Leyte; bombardment of Ormoc Bay; and many of the landings in the Philippines including those at Lingayen and Mariveles on Bataan. Although not having been in on any of the recent major naval engagements, the Nicholas has sent two Jap submarines to the bottom of the sea, as well as having downed many enemy aircraft since Corregidor, Seaman Adams concludes.

Private First Class Joseph Borelli, husband of Jennie Borelli, 6654 Mission street, has just returned home from almost two years overseas duty.

Pfc. Borelli was awarded the Bronze Star Medal while fighting in the battle of New Britain, where he helped to destroy three Jap planes.

He was sent out on a special mission and told to destroy all of his equipment if compelled to do so. Borelli was surrounded by Japs all the time, but managed to hide the equipment until later when he was picked up by a PT boat and brought back to his company.

Pfc. Borelli will be here for a short time and then he will go to the hospital in Washington for treatment.

Miracles do happen once in awhile. One just happened to Mr. and Mrs. Pete Nannini, of Colma. Just recently they had received word that their son, Lawrence, was missing in action. Within two weeks they received a letter from him stating that he had been a prisoner of war.

A few excerpts from his letter, dated March 27, will give an idea of his experiences: "I was taken prisoner by Germany on the afternoon of March 12. Yesterday (March 26) afternoon, while on a walking excursion to another German prison camp a group of American prisoners were recaptured by what seemed to us 'Angels of Heaven,' namely the good old American 'Yanks.' I guess none of us were so happy as to see the 'Yanks' take over."

Then he goes on to praise the American Red Cross: "How am I feeling? Just fine, Mom, thanks to the 'American Red Cross.' Words could never describe the good the Red Cross has done to prisoners of war. We were issued all necessary clothing, food to get us back on our feet—tobacco, soap, gum and just everything we needed.

"It's now the 29th and we're recuperating in a hospital. I'll be leaving here shortly for a general hospital for rest, along with the other boys."

Sergeant Nannini is a graduate of Jefferson Union High school.

Railroad Noises

An editorial from the San Jose, California, "Evening News".
(San Jose is on the main line of Southern Pacific's Coast Line)

WE HAVE always resented those snooty expressions, "across the tracks" or "down by the tracks," with their implication that there was something disreputable and socially low-life about living near railroad tracks. After living many years a block from the Espee's rails, we rise to say that there are many worse places to live.

Living close to the railroad has its obvious advantages when you are a boy. Where is there a more romantic place than the right of way, with wheezing switch engines, puffing freights (which travel so much faster now than they used to) and speeding passenger trains? Morning, noon and night railroading holds attraction for a boy, which is why so many of them go into it, finding a romance which never dulls until they die.

"But how can you stand the noise?" someone asks.

Far from being bothered by the noises, you get so you find them soothing and conducive to repose. You get so you can tell the freight trains from the passengers, and you distinguish the touch on the whistle rope of that individualistic engineman who makes his blasts so short, sharp and distinctive.

The various whistle notes represent to you these giant creatures of fire and steel talking to one another over long distances and on winter nights, when the wind is blowing and the rain is pelting against the windows it is pleasant to think of engineer and fireman, snug in their cab with the fire roaring below them, shunting lines of cars up and down the glistening wet tracks.

If these night noises from the tracks are comfortable and appealing to you during peace they have even more of these qualities during war. You realize that both the wars in which we are engaged are transportation wars and must be won not only in the foxholes and workshops but on the railroads as well. Some of the particularly long trains you hear puffing and snorting these nights are troop trains and others are weighed down with war's materiel. It is comfortable to reflect what a great job the railroadmen are doing, driving their trains and switching their cars 24 hours a day, even while you are asleep.

Back a few years, when trucks and buses started to cut more and more deeply into railroad revenues, with the airplane as an additional competitor just ahead, as a boy living near the tracks you may have wondered a little worriedly if they would put your old friends, the freights and passengers, out of business. It took the war to show that a nation's need of railroads continues, that no nation can be great and strong without them. You are reassured by that, and by the articles and drawings that have been published of vastly improved equipment which will help the railroads get their share of traffic after the war. Such things mean your friends will be able to stay alive and that, drowsily safe and comfortable, you will continue to hear the trains chugging and puffing through the night.

We thank the San Jose News *for so beautifully putting into words the way we railroaders, and many other people, feel about trains.* 176B

For heroic service in connection with military operations against the enemy in Germany, 24 February 1945. When the ambulance in which he was evacuating casualties was damaged while crossing a bridge under an enemy bombing and strafing attack, Private First Class Smith, together with another soldier, proceeded on foot, secured another ambulance and continued the evacuation of the wounded, thus relieving litter bearers of the hardship of removing casualties across the river in assault boats. Prayer of Peace

ST. FRANCIS OF ASSISI · 1182-1226

LORD, make me an instrument of Thy peace.
Where there is hatred, let me sow love.
Where there is injury, pardon.
Where there is doubt, faith.
Where their is despair, hope.
Where there is darkness, light
Where there is sadness, joy.

O DIVINE MASTER, grant that
I may not so much seek
To be consoled, as to console;
To be understood, as to understand;
To be loved, as to love;
For it is in giving, that we receive.
It is in pardoning that we are pardoned.
It is in dying, that we are born to eternal life.

TO THE MEN OF MANY NATIONS WHO MEET IN PEACEFUL COUNCIL IN THE CITY OF ST. FRANCIS

You have the prayers of millions attuned to your deliberations. What you determine will be a flame raised high for All the World—an augury of hope and faith for the Peace to come. May you visit us again, when the bells proclaim fulfillment of your historic labors.

Jeff Nine Defeat 'Blingums' By 4 to 2 Score

Reversing the usual procedure of losing a baseball game in the opening inning, Jefferson High school's baseball team defeated Burlingame high 4 to 2 on the Jefferson diamond Tuesday evening, scoring the winning three runs themselves in the first inning.

Catcher Ben Parodi singled with Welsh and Hicklin on base in this opening canto, scoring both runs. He took second on the throwin to the plate, stole third, and scored on a wild pitch, with what proved to be the deciding run.

Hicklin scored the other Indian run in the fifth, when he singled with one out, stole second, took third as Parodi was being thrown out at first and crossed the plate as the Burlingame shortstop messed Bocci's grounder.

Burlingame scored one run in the third when center fielder Welsh of the Indians let Schellig's single roll past him for two bases. The visiting shortstop went to third on an infield out, and scored after Bocci hauled in Gabrielson's fly to left field.

The visitors added their other run in the seventh when George Perada, Indian second baseman, was too anxious on a pop fly that should have ended the game, and let the ball trickle out of his glove. Pitcher Al Nulle of the Blingums, who had singled and stole second, scored on the misplay.

Hits were equally divided between the two teams, each nine securing only four. Wedel and Piccard divided the game on the mound for the locals, the former permitting three hits in the four and two thirds innings he worked.

Both Burlingame runs were unearned, with one scored off each the Jefferson pitchers. Wedel got out of a serious hole in the first inning when Cannon, Burlingame second baseman, started the game with a single, went to second when Baer sacrificed, and scooted to third on a wild pitch. Wedel settled down to cause Gabrielson to pop to Delfino at third base, lost control momentarily to walk Sekins, who promptly stole second, but got Bule on a high fly to Welsh in center field to choke off any Burlingame scoring ambitions in that inning.

Al Delfino, Indian third baseman and Hal Tikkanen, who pinch hit in the sixth, secured the two Jefferson hits besides those of Parodi and Hecklin.

The Indians have one more league game at home, a postponed contest with Half Moon Bay scheduled for the Jefferson diamond Tuesday, May 1. Friday, May 27, they travel to San Mateo and wind up their NPAL slate Friday, May 4 with a contest at South San Francisco. Out of the title race themselves, the Indians can play a prominent part in deciding the final championship, by knocking over either San Mateo or South City, or both.

Bob Fessenden Returns From Mid-West Trip

Bob Fessenden, proprietor of West Lake Market, is firmly convinced residents of the West Coast are much more fortunate in choice of meats and many kinds of canned foods than are people of the Mid-Western and central parts of the United States.

Bob returned Friday, April 20 from Clear Lake, Ia., where he and Mrs. Fessenden were called by the critical illnes of the latter's mother. He was gone from Daly City 16 days during which time he traveled through 12 states. Mrs. Fassenden remained at Clear Lake, her mother being expected to pass away at any time.

"People out here are now able to buy many kinds of meat, and any number of kinds of canned goods, especially canned fish, that folks back in that section deem luxuries," he said. "Some of these things are so scarce back there that they can be obtained only for a few days at a time, and some of them cannot be found.

"These conditions have existed for over a year, but the people are making the best of it, glad to get what they can."

To Attend Boys' State

It's that time of year again when two candidates are chosen to represent Jefferson at Boys' state. Last year's candidates were Ken Hatt and Bob Olson. Up to the present time only one student, Harold Tikkanen, has been chosen. He will represent Brisbane and Jefferson at the Ninth Annual Boys' State to be held in June at Grant high school and junior college, Sacramento, it was announced last week. The other candidate has not been chosen.

The two candidates are chosen by the American Legion. Selection is made on the basis of the candidates' leadership and interest in becoming a good citizen.

Group and class competition has been decided upon by the stamps and bonds committee to boost sales for the coming Seventh War Loan drive. Jeff's quota during the period of May 14 to June 30, is $1,000 a week.

Students who make the most sales and take in the most money will receive special publicity.

Up to last week percentage in the sales of stamps for the month of April was only 62 per cent.

Fans Applaud Two Thrillers At Local Park

Two rip-roaring baseball games were served for local fans journeying to Marshbanks park last Sunday. In the 2:30 feature, Young Christian Workers pumped four runs across the plate in the last two innings to take a 5 to 3 decision from Western Pipe and Steel. At noon, Sherry Bees and Papenhausen Hardware had to be content with a 5 to 5, ten-inning, tie.

The 2:30 contest was a regularly scheduled Baseball Managers Association contest moved out from "Big Rec" diamonds at Golden Gate park when an overflow entry of 11 teams forced league officials to transfer one game each Sunday. This overflow game will be played at Marchbanks park each week.

Western Pipe and Steel got away to a three run lead in the first inning, but after that Jim Mountaints and his YCW mates refused to permit the Pipe and Steel players to dent the home plate. Second baseman Maloney helped Mountaints greatly with two spectacular catches of line drives, turning one into a double play. He also banged out four hits to lead the YCW attack on Johnny Lazootin, WPS chucker.

YCW players scored one run in the fourth, tied the score with two in the seventh and picked up the winning pair in the eighth.

Heinbockel, YCW third sacker, helped Maloney in his attack on Lazootin with three for four. Carboni and Cappal of the losers each hit two, while Dalton WPS second baseman, came up with a sensational double killing, another one of those line drive catches that doubled a runner off second base.

Sherry and Papenhausen players staged a hot argument over the correct final score of Sunday's first game, Papenhausen lads very much set in their claims for a 6 to 5 victory. But after a fifteen minute confab, the 5 to 5 tie was decided upon. Frantin of Sherrys and Fucile of Papenhausen led their teams at the plate with three for four each.

Marines Plan Series of Games At Daly City

Top-flight baseball games are scheduled for Marchbanks park here, every other Wednesday afternoon, starting May 2 and continuing until July 25. Home team will be the hustling San Francisco Marines, playing opponents of the Twelfth Naval District's National league.

May 2, the Marines will battle Port Chicago Cubs. Other games of this home schedule are: May 16—Mare Island Navy Yard; May 30—Vallejo Dynamiters; June 13—Mare Island Marines; June 27—Oakland Naval Supply Depot; July 11—Port Chicago Cubs; July 25 — Mare Island Navy Yard. These games will all get under way at 2:30, or as near that time as possible, Sgt. Don McShane, manager of the team, said this week. Travel conditions may make the arrival of some visiting teams late, McShane said, but every effort will be made to start the games as promptly as possible.

The Marines have been working out at Marchbanks park four days a week for the past several weeks, and will continue to work out each Tuesday, Thursday and Friday afternoons. It is probable some exhibition games may be arranged for these afternoons, McShane said.

Members of the team are from two Marine barracks in San Francisco, the one at First and Harrison streets, and Islais Creek. Some of the players have already seen considerable action in Pacific war zones, and are now here resting up and recuperating from their wounds.

Several players left top-notch minor league clubs to join up with Uncle Sam. Shortstop Buddy Freese played with Chattanooga in the Southern League; Cpl. Ken Finck, one of the pitchers, was with the Syracuse International League; Sgt. Duplinski, another hurler, had worked his way to the top of the Pittsburgh Pirate farm system; Ed Russell, husky right fielder; Staff Sgt. Hampton Conn, big right handed hurler; and Cpl. Ronnie De La Hunt, only southpaw member of the four man mound corps also have shown plenty of promise in recent games.

Russell banged four for four in a Sunday game with the Oakland Buckhorns and scored his team's only 2 runs in a 2 to 1 victory; De La Hunt twirled the victory in nifty fashion; Conn fanned 15 Oakland Navy batters last week.

The Marines opened their league schedule with a 9 to 1 victory over the Oakland Naval Supply Depot last Wednesday and this week traveled to Vallejo, where they crossed bats with the Vallejo Dynamiters, another Naval outfit.

According to fans who saw them in their opening practice session several weeks ago, the Marines looked "plenty ragged" then. But under the patient tutelage of Manager McShane, they have improved so greatly, their play of the last two games equalled that of many of the present day Pacific Coast League teams.

When McShane first asked for use of Marchbanks park, he said, "We are not particularly interested in the size of the crowds at any of our games. We simply want a place to practice and play our home games, and are prepared to pay all expenses. However, if the fans of Daly City want to turn out and help us win our games, we will be more than delighted to have them. The bigger the crowd, the better ball the boys will play. There will be no admission charge, no collections taken up at any of our games."

A practice game was this week added to the Marines' local schedule. Friday afternoon, April 27, the Leathernecks will cross bats with an army team from Fort Baker at Marchbanks park. The game will get underway at 2 p. m.

In addition to regular league games on Wednesdays, the Marines will schedule practice games for Friday afternoon during the season, Sgt. McShane said this week. Most of these games will be played at the local diamond.

Cpl. Finck will start on the mound for the Marines against Fort Baker, McShane said.

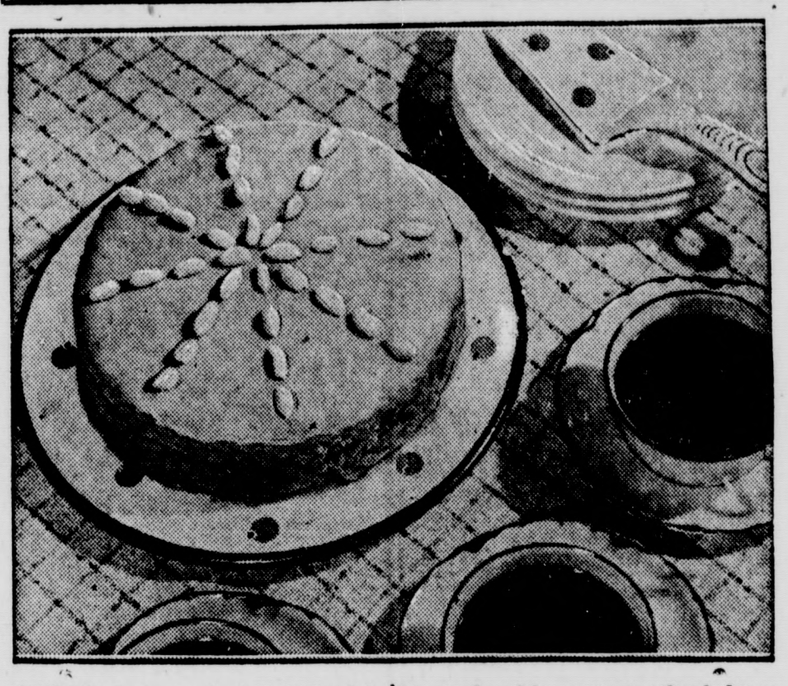
For Flavor Punch



HERE is just what you need to give pleasure and satisfaction to that Lenten dinner . . . plenty of fragrant coffee and delicious cake. The peanut butter frosting flavored with coffee is a combination you can't afford to miss. Serve this dessert tonight and delight the family. But be sure your coffee is strong and full of flavor . . . the kind that "hits the spot."

There's nothing like a good piece of cake and really delicious coffee to top off a meal. It's a grand combination any time, but is especially welcome during Lent when the rest of the meal is apt to be on the meager side. This recipe for Coffee Peanut Butter Frosting is new and different and the combination of coffee and peanut butter is truly delicious. It is good with any standard layer cake or with a molasses or ginger cake. If you are short of sugar, try using jelly between the layers and the frosting only on the top. Here is the recipe for Coffee Peanut Butter Frosting. It's tested, of course.

Coffee Peanut Butter Frosting

¼ cup hot strong coffee
¼ cup peanut butter
⅛ teaspoon salt
1½ cups sifted confectioners' sugar (about)

Stir hot coffee slowly into peanut butter, and blend well with wooden spoon. Beat in salt and enough confectioners' sugar to make frosting thick enough to spread. The amount depends upon the texture of the peanut butter. Use to frost cake or cookies. Yield: Enough frosting for 8-inch layer cake.

"OFF THE BLOTTER"

Last week was a very quiet week as far as the Daly City Police department was concerned.

On April 18 Officer G. Hopman took Mrs. Essie Mae Mielwiski, 156 Market street to the Mission Emergency hospital in the police car and left her there for treatment. A bone had become lodged in her throat.

David Nichols, 6925 Mission street was treated by Dr. W. C. Lynch, April 19 after he had been bitten on the right leg by a dog. The poundmaster was notified to see the owner of the dog, who lives at the same address.

Mrs. Eschenauer phoned the police department for help in getting her daughter, Elizabeth Eschenauer to a doctor for treatment of a cut on her foot from a broken bottle. Officers G. Savage and E. Beecher responded and took her to the Alemany hospital and then brought her home.

During the week the burglar alarm sounded at the Jefferson Union High school. Officers A. Benedetti, R. Petrocchi and G. Savage investigated and found everything in order.

Returns From Hospital

Mrs. Alice Braumoeller, 433 Santa Barbara avenue, has returned home from the Franklin hospital where she had undergone an operation.

Mrs. Braumoeller, who is recovering very nicely, will be glad to see any of her friends at her home.

D. C. Juniors Lose To Army Team

Manager Lou Marioni's Daly City Juniors baseball team traveled to Fort Baker last Sunday, and gave the army nine there a red-hot tussel before accepting a 5 to 4 reverse. Walt Lister Jr. was on the mound for the Juniors.

Fort Baker officials and members of the team there, were high in their praise of the Daly City lads' sportsmanship, hustle and ability, and asked that Marioni's lads be given a return engagement there soon.

Marioni had not announced plans for the coming Sunday, late this week, but since he and several of his players are now playing with the Balboa High school nine, it was thought probable that the Juniors would rest up for a few Sundays—at least during the remainder of the Balboa schedule.

"Big Rec" Games This Sunday At Marchbanks Park

Daly City baseball fans will see plenty of organized league play this summer. Besides home games of the San Francisco Marines in the Twelfth Naval District's National League on Wednesdays, one of the Sunday games at Marchbanks park will be a league contest—an "overflow" setto of the San Francisco Baseball Manager's Association League, moved out from "Big Rec" diamonds in Golden Gate Park.

Snday, April 29, Federal Outfitting Co. and Paul's Fountain will get together in a regular BMA league contest at 12 o'clock. At 2:30, Young Christian Workers, who drew the bye in that league will cross bats with Harry Maloney's Longshoremen.

Last Sunday, the Young Christian Workers turned back Western Pipe and Steel in their opening league game, 5 to 3. After the Pipe and Steel nine took an early lead, the YCW lads tied the score with a two run splurge in the seventh, pushing over the two winning runs in the eighth. Local fans commended the players of both teams last Sunday for their splendid sportsmanship and hustle.

Maloney hadn't announced his starting lineup at press time but it will probably be about the same as two weeks ago, when the Longshoremen were nosed out by the Alvin Joseph Motors of Hayward. "Lefty" Fieber will probably start on the mound for the Maloney piloted nine.

In the regular league game, fans will see two more strong teams. Last Sunday, Federal Outfitting Co. turned back Regal Pales 4 to 3 in one of the games at "Big Rec" and the Clothiers expect to continue their winning activities this Sunday.

Paul's Fountain, rated before the season started as one of the strongest teams of the league, was handed an unexpected 10 to 3 setback by Grosso Musics last Sunday. This week the Forest Hills lads will be fighting that much harder for the decision.

Probable starting lineups of the two teams will be:

Federal Outfitting — Worthington cf; Lynch 3b; Roelling ss; O'Shea or Spencer lf; Marzulka rf; Harold 2b; Walsh 1b; Day c; Amaral p.

Paul's Fountain: Todoni lf; Horner 3b; Silverstein ss; Bordenave 1b; Baxes 2b; Rodriguez cf; Griffin rf; Ohlander c; Murray p.

When BMA league officials closed their entry lists a week ago, they found themselves confronted by a record entry of 11 teams. One team would draw a bye each Sunday, but even with this, this startling signup left them with the necessity of finding places for five games each week, one more than could be handled by the two diamonds at "Big Rec" park, with American Legion teams at present taking up the morning spots there.

Al Erle, genial San Francisco booking agent, suggested the overflow game be played at Marchbanks diamond, rather than to have any of the teams pushed out of the league. Opening games last week other than those mentioned above resulted as follows: Frank Newman Furnitures 8, Chipfitters 1; Gordon Realty 5, Laundry Workers 2. Campi's Tavern drew the bye.

All eleven teams of this league rate among the topnotchers of San Francisco semi-pro baseball. With two of them playing each Sunday at Marchbanks park, either at noon or 2:30, and such teams as Longshoremen, Owl Drugs, Moffat Mantecas etc. filling in an occasional engagement, Daly City fans are assured of some really classy baseball all summer.

The George Wrights Fete Their 25th Anniversary

Saturday evening, April 21, a number of relatives and friends of Mr. and Mrs. George Wright celebrated the couple's 25th wedding anniversary.

Mrs. Wright is the daughter of Mrs. Frederick Volkman, a long and well known resident of Colma.

The group gathered at the home of Mr. and Mrs. Leslie Volkman, 49 Moltke street where the couple were totally surprised. After a toast, that they live to enjoy their Golden Wedding anniversary, like the parents of Mrs. Wright celebrated not very long ago, they all enjoyed a buffet supper prepared by Mrs. Mooney at the Ladies' Home club.

A program of games, dancing and singing was enjoyed by the younger generation, and all agreed that the evening ended much too soon.

The only cloud to mar this joyous occasion was the absence of Mr. and Mrs. Wright's sons, Bob and Bill who are in the service of the U. S. Army.

Cubs of Den No. 8 Plan for Change In Meeting Place

Due to the illness of Mrs. M. Pedroni's mother, Mrs. M. I. Britton, who has just come home from Mary's Help hospital, arrangements are being made for a new meeting place of Den No. 8.

The meetings are indefinite and are not being held at the present time, but the boys hope to meet again in the very near future.

After the last meeting of Den No. 8, held at Mrs. Pedroni's home, 598 Evergreen avenue, she showed the boys the Purple Heart her husband, Staff Sgt. C. L. Pedroni had been awarded for being wounded in the Asiatic area. The boys were thrilled to see it as none of them had ever seen a Purple Heart Award.

All the members of Den No. 8 have received answers to the letters they wrote to the Arizona Indian school. The boys at this school are Indians and of the same age as the boys in Den No. 8.

The boys of Den No. 8 have planted a Victory Garden in an empty lot on Santa Barbara avenue, and are doing a good job. All the money they receive from the Victory Garden will go towards improving Camp Boy Joy.
